Earth Day was a Success

At the end of April, 2009, Global Tutors partnered with the **Girl Scouts of America** in Edison, New Jersey, for an Earth Day Celebration event, where approximately 800-1000 people attended. This event was co-sponsored by the Edison Environmental Commission.

This was a successful, fun event for all, with

games for the kids, face-painting, refreshments and fun activities for everyone.

Awareness was raised about recycling and other ways to conserve energy.
